SECURITY INFORMATION

7 March 1952

Dr. Ralph R. Shaw  
The Librarian  
Department of Agriculture  
Washington 25, D. C.

Dear Dr. Shaw:

Reference is made to our letter dated 6 July 1951 in which we advised that an amount of \$25,000 had been included in our 1952 estimates in connection with External Research being performed by your staff in behalf of this Agency.

You are advised that an additional amount of \$5,500 has now been approved for this fiscal year to cover supporting research for Veterinary Medical Intelligence, making a total of \$30,500 available to the Library for fiscal year 1952.

Your attention is called to the fact that quarterly reports including information as to services and costs of the project to date have not been received.

Very truly yours,

E. R. Saunders  
Comptroller
